

MISS KRYPTONITE

BANDINFO

Bang, Boom! From close to scratch, suddenly, there appeared a new band on the manifold music stages of Zofingen. Using electronic means, enriched by spherically captivating vocals, psychedelic guitars, pounding bass lines and driving drum lines, Grunge Rock band «Miss Kryptonite» takes the listeners to another world.

When the group entered the regional music world with their first public concert in July 2017, they already had assembled a respectable repertoire and done extensive work in the rehearsal room.

In «Miss Kryptonite», Désirée Graber, who had already made a name for herself as the guitarist and lead singer of regionally popular band «Moscow Mule», continues the collaboration with her longtime bandmate Andres Pfister. They have joined forces with Mischa Castiglioni with the intent to create something new. The band finally found their first drummer in Manuel Müller, though, due to a subsequent mutation, this role is now held by Tobias Zbinden.

The band, who has been in the studio recently, has already played several well-known concert locations, among them the legendary «Mokka» in Thun, the «Flösserplatz» and «Barracuda» in Aarau, the «Kofmehl» in Solothurn, the «Coq d'Or» in Olten as well as the «Oxil» in their native city Zofingen.

By doing so, they got the opportunity to support many nationally popular acts such as «Delilahs», «Rams» and «Annie Taylor».
